

Approved Classroom and/or Synchronous Qualifying Education Courses

Revised February 29th, 2024

NOTE: Per the AQB, educational offerings that have been approved for classroom presentation for QE credit are approved for synchronous presentation for QE credit, providing the instructor and students interact simultaneously online/virtually. Hybrid courses, AKA blended courses, are learning environments that allow for both in-person and online (synchronous, or asynchronous) interaction.

In addition to Qualifying Education, there is a college requirement for a Certified Residential Appraiser and Certified General Appraiser credential, per WV190CSR2.
